Emergency Response and
Support

Co-financed by the EU

MAppERS app

Copyright MAppERS app

© 2015 MAppERS Consortium. MAppERS is a free smartphone application developed and compatible with Android 4.0 or over.

Confidentiality

Only MAppERS Consortium members have access to personal information submitted by the app. The MAppERS Consortium members who see/access this information will keep it confidential. The data collected will be treated only for research purposes and not shared outside. Any kind of data treatment and processing will be anonymous. MAppERS app contains communication tools. Any kind of abuse is not under responsibility of MAppERS Consortium.

Applicable Laws/Directives

All the private information/testing data is collected and included automatically in a web dashboard prototype for MAppERS app testing. Information collected are used solely for research purposes and personal data are collected and stored in accordance with Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data.

Testing

MAppERS app can be tested for free outside the Consortium for scientific purposes and technology dissemination. Users can test both modules MAppERS-C and MAppERS-V after prior registration. The Consortium has right to allow or deny registration, depending by final aim or commercial abuse.
